□□□□□□□ □□□□□ □□□□□□:

A6 series

The appearance of the more beautiful  
 2 legs / 2 motors  
 Electric adjustable  
 Super mute motor synchronization control system  
 Colours can choose Frosted Black or Frosted White  
 Overload and overheat protection  
 The switch can press point move and press always move

High quality cold-rolled steel plate, the structure is strong  
 A number of patented technology

Voltage: 110 VAC / 220 VAC  
 Gross weight: 38KG

Lifting range from 580mm-1240mm  
 Can use desktop from 1100mm-1600mm  
 Load capacity: 100kg / 225lbs  
 Load Speed: 30mm/s

5 Advantage

Out Tube size can be 90mmX60mm

Control box installation: Plug type  
 Patent design, It is more convenient

Foot to strengthen

Motor metal case Ultra-thin design

Control box patent design, Ultra-thin, small  
 Switching power supply  
 Metal case, have qualitative feeling

Application
