

Material	Aluminum, Steel, Stainless Steel, Brass, Titanium, Inconel, Copper, Nickel, Silver, Gold, Platinum, PEEK, Nylon, ABS, PVC, Teflon, and other plastics, composites
Surface Finish	Polished, Matte, Brushed, Knurled, Beveled, Chamfered, Broaching, Anodized, Powder Coated, Electroplated, and other finishes
Surface Treatment	Anodize, Electroplate, Passivate / Clean / Degrease, Brushing, Polishing, Carburizing, etc.
Material Properties	Strength, Hardness, Tensile Strength, Yield Strength, Elongation, Modulus, Poisson's Ratio, Thermal Expansion, Coefficient of Thermal Expansion, etc.
Material Selection	Aluminum, Steel, Stainless Steel, Brass, Titanium, Inconel, Copper, Nickel, Silver, Gold, Platinum, PEEK, Nylon, ABS, PVC, Teflon, and other plastics, composites
Material Properties	Material properties are 100% guaranteed Properties: Strength, Hardness, Tensile Strength, Yield Strength, Elongation, Modulus, Poisson's Ratio, Thermal Expansion, Coefficient of Thermal Expansion, etc.
Material Properties	Material properties / DXF / IGS / DWG / etc.
Material	Aluminum, Steel, Stainless Steel, Brass, Titanium, Inconel, Copper, Nickel, Silver, Gold, Platinum, PEEK, Nylon, ABS, PVC, Teflon, and other plastics, composites
Capacity	Capacity up to 100,000 pieces

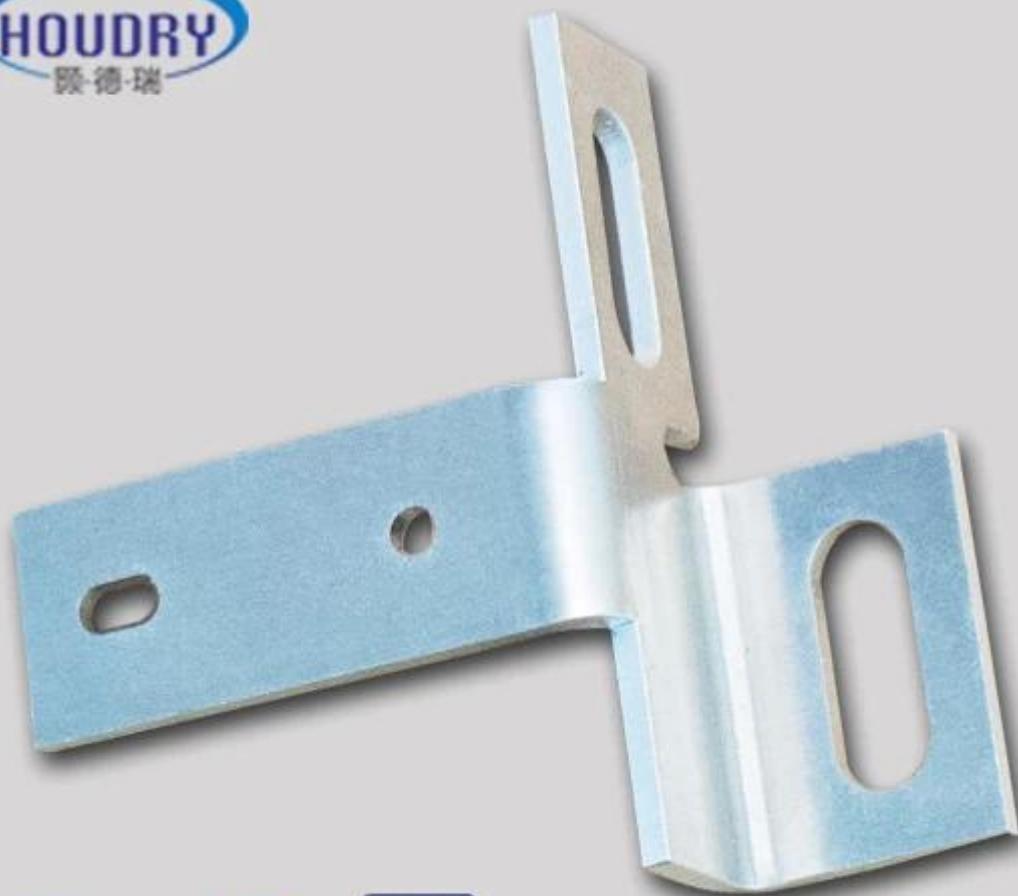

Our products are made in the USA
