Avoid The Harmful Long-Term

Effects Of Too Much Sitting

Height adjustable desk

Standing desk ergonomics - Filed under: Productivity

A6 series parameter instructions

Electric Control Part :
Input Voltage : AC 110V/220V can use
Output Voltage : DC 24V
Daily Cycle : Max 500
Switch power supply low energy consumption
Manual device can move and long press

Desk frame part:
Built-in first switch
System load : 120KG
The maximum static load : 140KG
Load capacity : 120kg / 200kg
Lift range : 620mm-1270mm
The length of the adjusting range : 1100mm-1600mm

Other part:
Packing size : 1680*270*122mm 1Set
Gross Weight : 43KG

A6 Series Perfect the details of the design
Limit switch in the columns and different controller
Exclusive patent design for details
More convenient to use open out
Capacitive Touch screen memory handset, Apple LCD
