

Goedkope Stand Up Bureau hoogte verstelbaar, in hoogte verstelbare Permanent Bureau

De parameters van PERMANENT DESK

| | |
|--------------------------|---|
| productnaam | Elektrisch in hoogte verstelbare Permanent Bureau |
| Invoer Voltage | AC 90-240V kunt gebruiken |
| uitgang Voltage | DC 24V |
| Dynamic Load (KG) | 120 |
| Statische belasting (KG) | 140 |
| Load Snelheid (mm / s) | 30 |
| Arbeidscyclus | 10% max 2 min, continu gebruik |
| lift Range | 620-1270mm |
| lengte Range | 1100-1600mm |
| Kleur | Zwart, wit, Greeny of optie |
| tube Material | Carbon Steel Q235, Oppervlakte:Poeder bedekt |
| Certificaat | CE, UL, E ₀ , ROHS |
| Pakket Sikze per reeks | 1080 * 270 * 325mm |
| Netto Gewicht per reeks | 41kg |
| Bruto gewicht per reeks | 45kg |
| Motors Number | TWEE |
| Kenmerk: | Schakelaar voeding, laag energieverbruik, kan handmatig apparaat bewegen en lang indrukken, ingebouwde eindschakelaars. |

Staande receptie picture:

A6 series

The appearance of the more beautiful
 2 legs / 2 motors
 Electric adjustable
 Super mute motor synchronization control system
 Colours can choose Frosted Black or Frosted White
 Overload and overheat protection
 The switch can press point move and press always move

High quality cold-rolled steel plate, the structure is strong
 A number of patented technology

Voltage: 110 VAC /220 VAC
 Gross weight: 38KG

Lifting range from 580mm-1240mm
 Can use desktop from 1100mm-1600mm
 Load capacity: 100kg / 225lbs
 Load Speed: 30mm/s

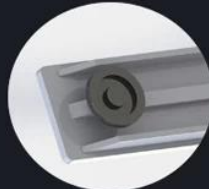

5 Advantage

Out Tube size can be 90mmX60mm

Control box installation: Plug type
 Patent design,It is more convenient

Foot to strengthen

Motor metal case Ultra-thin design

Control box patent design, Ultra-thin,small
 Switching power supply
 Metal case,have qualitative feeling

Application
