

# Electric adjustable desk frame

That is why we choose height adjustable desk :

## Standing desk ergonomics – Filed under: Productivity

Sitting is Killing You. It has stats in it like: the average person sits over 9.3 hours a day, and what sitting for long periods actually does to your body. The New York Times had a write up on sitting and health as well.

Pros of using a standing desk

- Feeling of freedom when standing and being able to move around.
- Focus on the task at hand – I find myself drawn in more to my work.
- Posture – My posture feels better and more upright.
- It is welcoming – It feels amazing walking up to the desk and just start to work. No chair to push out of the way. Cheesy, I know, but it is very zen like.
- Encourages productivity by more intentional work.

### Product Description
